PURPOSE OF THE CONGRESS

As a result of the improvement of the investment environment in recent years, Turkey has become a center of attraction for foreign investors. For this purpose, this congress was organized to reveal investment opportunities in Afyonkarahisar.

It is planned that around 500 investor individuals and organizations from many countries and CEOs of large companies will participate in the congress.

The conference aims to shed light on the investment climate in various fields in Turkey and the convenience and incentive packages provided by Turkish government institutions in order to create a promising and reliable investment environment.

The conference will discuss the transformation in various fields and will open the door to dialogue and discussion between foreign businessmen and businesswomen and their Turkish colleagues.

In this respect, the congress will offer many investment opportunities to business people. During the congress, seminars, workshops and conferences will be held as well as arts and cultural activities.

With this congress, the incentives and investment opportunities of our state provided to business people especially from abroad, will be better understood. Afyonkarahisar's advantages will be revealed in terms of exemptions, conveniences, tax reductions and logistic support.

AFYONKARAHISAR

A fairy tale geography where underground wealth meet with above-ground beauties... A center of peace and belief... Capital of Thermal, Marble and Taste... A time travel to mythology, where history is blended with nature and culture... Afyonkarahisar, the ancient city that brings the world together with the championships and festivals it organizes. The heart of Anatolia...

Afyonkarahisar; It is a historical city located in the Aegean Region of our country. While it connects Istanbul in the North of our country to Antalya in the South, it connects the Capital Ankara in Central Anatolia to Izmir in the West. In this respect, it is at the crossroads of our country in terms of transportation.

Afyonkarahisar has a population of 736,912 and a surface area of 14,532 km². It is adjacent to Eskişehir and Kütahya in the north, Konya in the east, Uşak and Denizli in the west, Burdur and Isparta in the south.

Blending the unique beauties of Anatolia with the values of history, culture and gastronomy, Afyonkarahisar has hosted different civilizations with its 8000-year history.

Afyonkarahisar carried the traces of Hittite, Phrygian, Lydian and Eastern Rome; It has been one of the most important settlements of the Seljuk and Ottoman Empire. This unique city bearing the traces of civilizations in Anatolia; is the apple of the eye of Anatolia with Phrygian Valley, its historical buildings from ancient times, archaeological remains, natural beauties, thermal springs, underground and aboveground riches, temples, handicrafts and world-famous gastronomy.

TRANSPORTATION

- Afyonkarahisar; It is the most important junction point of Turkey connecting Central Anatolia, Aegean, Mediterranean and Marmara Regions.

1 For guests coming from Istanbul:

There are flights to Istanbul Airport from all over the world. For our guests who want to come to Afyonkarahisar by airline, there are flights from Istanbul Airport to Zafer Regional Airport on certain days. Detailed information can be obtained from the website
